

Evaluation Services

Statewide Assessments

All students will participate in statewide assessments. The administration will annually develop an assessment schedule for the current school year. The testing schedule will list the assessment instrument to be administered and the students who will be administered each test or assessment instrument. This policy and the assessment schedule will be given to each student as well as their parent/guardian at the beginning of each school year. In addition, a copy of this policy and the assessment schedule will be available to the public in the District office during normal business hours.
